Bee Comes Out Strong!

Joshua Barua

January 4, 2008, was Burgess Elementary fifth grade spelling bee! Extraordinarily, the last three contestants were all from Ms. Pavelek's class! She must have been smiling ear to ear all day.

In the beginning, there were three students from each fifth grade class, that's 12 students. By the ninth round, there were only two contestants left, Jakob Morse and Keyana Burris. Now to the final round, both missed the first word. The next word was nostril. Keyana missed it, but Jakob victoriously spelled it right to grasp the gold.

I believe that spelling bees aren't just for competition, they are also make studying spelling a lot more enjoyable. Even if you know how to use the dictionary, you have to know where to look.

All and all, everybody's a winner, each student won in their class and they should be proud! Congratulations to Keyana and Jakob, You deserve it!

Brain Teaser

Linda bought some eggs. She gave 1/2 her eggs to her mom. Then she gave 1/2 her remaining eggs and 1/2 an egg to her aunt. Then she gave 1/2 of her eggs and 1/2 an egg to her sister. This left her with 1/4 dozen eggs. How many had she bought?

Think you know the answer? Then drop a letter in the question box outside Mr. Satterley's room. First 5 people get a special prize. Please include full name, teacher, grade, date, and time when you submitted the answer.

Getting to Know Our Teacher of the Year

Mrs. Chadick is the happiest person in the world. She has won Burgess's Teacher of the year. She says it is absolutely wonderful to earn this honorable award. She thinks she won the award by working hard with students, her students have improved greatly, and she works well with the other teacher, and she does her best. She never saw this coming at her and was extremely surprised. Her class was overwhelmed with gratitude.

For the first time Mrs. Chadick winning the award, but this hopefully will not be the last. She will strive herself to win it again and again. She has taught for seven years in Horry County Schools. She taught first and second grade. She also taught in Georgetown County Schools for two years.

Going For a Goal

By: Cory Rothenberger

Super Bowl 42

The two greatest teams in the NFL are going head to head. They will be fighting for the 42nd world title. The two teams are the New York Giants and the New England Patriots. The Patriots say they are going to win. But the Giants think the opposite. Will this game be a battle, or a flat out blowout.

By Carmen Arias

I wake up and feel so happy inside because it's Valentine's Day. Now I'm on my way to school like nothing could go wrong. I arrive at my classroom and started to unpack and when I reached for my cards they weren't there.

I thought where I put them. Then before the lesson started I searched my whole book bag. Then I remembered that not everyone had cards.

Then when it was time to pass them out the front office called saying that my mom had dropped off the cards. I got so happy because I wasn't going to miss out on passing out cards. I ended up having a superb Valentine's Day
